Important Information for applicants

Successful applicants will be employed directly by the disabled person who receives support from the Support Service to do this. **It is important to understand that it is not the support service that is the employer.**

All applicants will have to provide references and undergo an enhanced criminal records bureau check.

For further information please contact the Direct Payments Support Service on 01325 360524 quoting the job reference number or alternatively e-mail directpayments@darlingtondisability.org

A Direct Payment is made from the local authority to individuals to have control and choice over their own support. Many people who use a Direct Payment choose to employ a personal assistant or a support worker.

All posts include the statutory requirement of 5.6 weeks paid holiday and other usual employment rights.

It may be helpful to understand that there is a difference between that of a Care Assistant and a Personal Assistant. Although differing posts have varying requirements the general role of a personal assistant is the same. A personal assistant's role is to help your employer to live the way they choose. This means that a personal assistant should listen to their employer to understand and respond positively to any reasonable request for assistance. It enables disabled people to lead an individual, independent life equal to that of non-disabled people.

If you would like to apply for any of the posts please complete the [application form](#) and quote the reference number (on the top of each advert). To ensure a smooth recruitment process we ask applicants to apply for only one to two posts at a time and if you are unsuccessful you are then able to apply for further posts.

If however you are looking for work, which is in excess of the advertised post – please speak to the Support Service, as there may be posts, which you could apply for together to make up the hours that you wish to work.

What happens next...

1. After completing your application form and returning it to the Support Service, your application will be sent to employers which you have requested and if indicated other employers which are appropriate.
2. If short-listed you will be asked for an interview, which will give the employer the opportunity to decide whether they wish to employ you. This is also the applicant's opportunity to find out information to decide whether you feel the position is appropriate for you.
3. Where you indicate as such your application form will be kept on file and passed on to an appropriate employer. This means that it may take some time before you are contacted.
